1. Inspect the aeration tank for evidence of proper rolling of mixed liquor suspended solids (MLSS), fine bubble production from the air diffuser heads, and even diffusion along the length of the aeration tank.
2. Measure the dissolved oxygen in the aeration tank and adjust the blower run intervals accordingly to maintain an average of 1-2 mg/L DO.
3. Conduct a mixed liquor suspended solids (MLSS) settling test of one sample from the aeration basin and one from the effluent from the settling tank. Take readings at five, thirty, and sixty minutes.
4. Inspect the blowers for proper operation. Replace the air filters, but no less frequently than once a year.
5. Visually check aeration system for even air distribution, with no dead spots
6. Check for air leaks around base and fitting of blower, replace with new one if needed.
7. Check and inspect blower belts for wear and tension, replace with new one if needed.
8. Check bolts and tighten if necessary: foundation, cylinder head, belt guard, etc.
9. Check tension, condition, and alignment of V-belts on blower; adjust or replace as necessary.
10. Change blower / mechanical aerator / comminutor oil
11. Check the blower to make sure that belts and drives are free of obstruction and all electrical connection are complete including thermal protection if applicable.
12. Check that effluent weir trough and weir is level and set to the correct elevation and adjust if necessary.
13. Check blowers at a minimum speed and listen for unusual noises.
14. Check the airlift pumps operate continuously and the total pumping rate should be approximately equal to the incoming raw sewage average flow rate.
15. Inspect the sludge digester (also known as the holding tank) where applicable. Pump and clean the tank if settled sludge exceeds 75% of the depth of the tank. Check the airflow in the
16. Scrape walls and hoppers of settling tank
17. Fill out maintenance checklist and report deficiencies.

Disinfection

UV Disinfection

1. Check that surfaces between the UV radiation and the target organisms are clean, and the ballasts, lamps, and reactor are functioning at peak efficiency.
2. Check cleanliness of quartz sleeves or Teflon tubes. These may be cleaned by mechanical wipers, ultrasonic, or chemicals such as citric acid. Other cleaning agents include mild vinegar solutions and sodium hydrosulfite.
3. Clean noncontact reactor systems with sodium hydrosulfite.
4. UV disinfection system should be pilot tested prior to full-scale operation to ensure that it will meet discharge permit requirements for a particular site.
5. Check that ballast is compatible with the lamps and adequately ventilated to protect it from excessive heating.
6. Check the UV lamp runtime and replace before 9,000 hours of use. Ensure that the quartz tube around the UV lamp is clean and free of grease.

10. Fill out maintenance checklist and report deficiencies

**Wastewater Testing and Operating Parameters**

**Dissolved Oxygen (DO)**

*Goal: DO = 1.0 – 2.0 mg/L*

Turn blowers off, and wait 5 – 10 minutes. Take sample from aeration basin and test immediately after sampling. If over the course of several tests during the 2-day maintenance visit, the DO is consistently too low, increase the amount of time that blowers are running. If the DO is consistently too high, decrease the amount of time that blowers are running. The wastewater treatment plant contractor will decrease/increase blower run times by small intervals not to exceed 15-minute increments.

**Free and Total Chlorine**

*Goal Free Chlorine = 0.5 – 1.5 mg/L*

If the plant has a chlorine contact tank, test the effluent being discharged from the plant. If free chlorine residuals do not meet the goals, the wastewater treatment plant contractor will adjust the chlorination rate. If free chlorine readings are consistently above the goal, reduce the amount of chlorination. If the readings are consistently below the goal, increase the amount of chlorination.

**Chlorine Contact Time**

*Goal CT = 20 mg/L-minutes*

The wastewater treatment plant maintenance contractor will measure the flow rate of the effluent discharged from the plant at peak hour flows and will calculate the disinfection contact time of the plant (time between injection of chlorine and the discharge of the effluent from the plant). The CT is calculated by multiplying the free chlorine residual (in mg/L) by the contact time. The wastewater treatment plant maintenance contractor will notify the Facility Manager if the CT is significantly less than the goal.

**Chemical Oxygen Demand (COD)**

*Goal = 50 mg/L*

The wastewater treatment plant contractor will sample the plant effluent for Chemical Oxygen Demand (COD). If the COD significantly exceeds the goal, the cleanliness of the plant and the effectiveness of the clarifier weirs will be checked and corrected by the contractor.

**Total Suspended Solids (TSS)**

*Goal = 30 mg/L*

The wastewater treatment plant contractor will sample the plant effluent for Total Suspended Solids. If the TSS readings consistently exceeds the goal, the contractor will increase the frequency of scraping the clarifier and scrubbing the overflow weirs. The contractor will check for proper operation of the clarifier skimmer.

(End of clause)

Add the following clause in full text:

**52.229-12 TAX ON CERTAIN FOREIGN PROCUREMENTS—NOTICE AND REPRESENTATION (Feb 2021)**

(a) **Definitions.** As used in this clause—

*Foreign person* means any person other than a United States person.

*United States person,* as defined in 26 U.S.C. 7701(a)(30), means—

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 7701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.
(b) This clause applies only to foreign persons. It implements 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) (1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at www.irs.gov/w14.

(2) If the Contractor is a foreign person and has indicated in its offer in the provision 52.229-11, Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding, and certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax then the Contractor shall—

(i) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under 26 U.S.C. 5000C; and

(ii) Comply with paragraph (c)(1) of this clause.

(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), the Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue.

(f) Taxes imposed under 26 U.S.C. 5000C may not be—

(1) Included in the contract price; nor
(2) Reimbursed.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor’s and Government’s rights and obligations with respect to that order to the same extent as if the order were completed during the contract’s effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after one year beyond the contract’s effective period.

1. □ Are, □ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

2. □ Have, □ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

3. □ Are, □ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

4. □ Have, □ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(End of Provision)

52.229-11 TAX ON CERTAIN FOREIGN PROCUREMENTS – NOTICE AND REPRESENTATION (JUN 2020)

(a) Definitions. As used in this provision—

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means—

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if—

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a
contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that—

(1) It [___] is [___] is not a foreign person; and

(2) If the Offeror indicates “is” in paragraph (d)(1) of this provision, then the Offeror represents that—I am claiming on the IRS Form W-14 [____] a full exemption, or [____] partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects “is” in paragraph (d)(1) and “partial or no exemption” in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.
